

Crows' Feat 2025 Flower Share

Every other Friday, from May 9th through October 10th, enjoy a vase of beautifully arranged, freshly-cut flowers, representing a diverse selection that evolves with the season. We grow amaranthus, anemones, astilbe, celosia, clarkia, columbine, cosmos, dahlias, lisianthus, peonies, scabiosa, snapdragons, stock, tulips, zinnias... the list goes on and on. If you like to make your own displays, select individual blooms and arrange a bouquet from what's available at the farm that week.

You may also pick up your flowers the day before at the Exeter Farmers Market. Twelve bouquets for \$300 is an amazing opportunity to enjoy exceptional flowers!
